

DETACHABLE JB4 CONNECTORS

Our new, patent pending detachable JB4 connector is the smart solution that makes lighting installation simpler and neater - eliminating the need for large unsightly holes.

Ideal as a problem solver for tricky installations with restricted access or difficult to reach cable management, this a great solution for DIYers, electricians and kitchen fitters alike, whether during installation or for retrofit

Easily detach the plug, feed the slim cable through a small, discreet hole, cut it to exactly the length needed and simply snap the JB4 back into place on the cable - no wire stripping required. This makes installations quicker, cleaner, and more professional. It's an elegant, reusable solution that simplifies your work and perfects your finish.

BENEFITS
• Speedier, easier installation
• No need for large unsightly drill holes
• Removes excess cable for a neater install
• No wire stripping needed

KEY FEATURES
• Available in handy packs of 10 - Single colour or CCT variations
• Labelled wire holes for a quick install
• Ideal for DIY, electricians and kitchen fitters
• Simple solution for complex installations
